

BAND-PASS BASE STATION DUPLEXER

Public Safety 700 MHz • 763 – 805 MHz

DDBP7566CHHS2

Product Features

- Designed for full Public Safety 700 MHz band
- Outstanding carrier rejection and transmitter noise reduction at receive frequencies due to its combine design
- Low insertion loss
- N(f) connectors are standard, other types available upon request

DDBP7566CHHS2

Specification	Value
Type	Dual Band Pass Combine Duplexer
Frequency range	763 - 805 MHz
Bandwidth Tx	763 - 775 MHz
Rx	793 - 805 MHz
Insertion loss	1.2 dB max
Carrier rejection	80 dB min
Noise suppression	80 dB min
Return loss	20 dB min
Impedance	50 Ω
Power	500 W
Connectors	N(f)
Temperature Range	-4° to 158° F • -20° to +70° C
Dimension	4 x 16.7 x 10.4 inches • 101.6 x 423 x 264 mm
Weight	14 lbs • 6.4 kg
Mounting	Standard 19" open tray rack panel (3 R.U.)
